## Aims and Objectives

Marie Stopes International is a charity providing a range of reproductive healthcare services. Marie Stopes UK is a country programme within Marie Stopes International.

Our mission is to ensure the individual's fundamental right to have **children by choice not chance**. The objectives and measurements that support this mission are:

### Objectives

- To provide high quality, affordable, professional, client oriented services.
- To continuously strive to improve the quality of our services.
- To maximise the added benefits and value offered to our clients.
- To differentiate Marie Stopes UK services from those of our competitors.
- To listen to our stakeholders and be responsive to their comments.

### Measurements

Marie Stopes UK will ensure that progress against objectives is monitored by:

- Analysis of business intelligence, including quality performance data and client feedback operating within a robust governance framework
- Continual quality improvement through regular internal and external quality reviews, compliance monitoring and clinical audit
- Conducting regular audits to inform service improvements
- Undertaking market research

## Our mission

Children by choice, not chance

## Our vision

A world in which every birth is wanted

## Our values

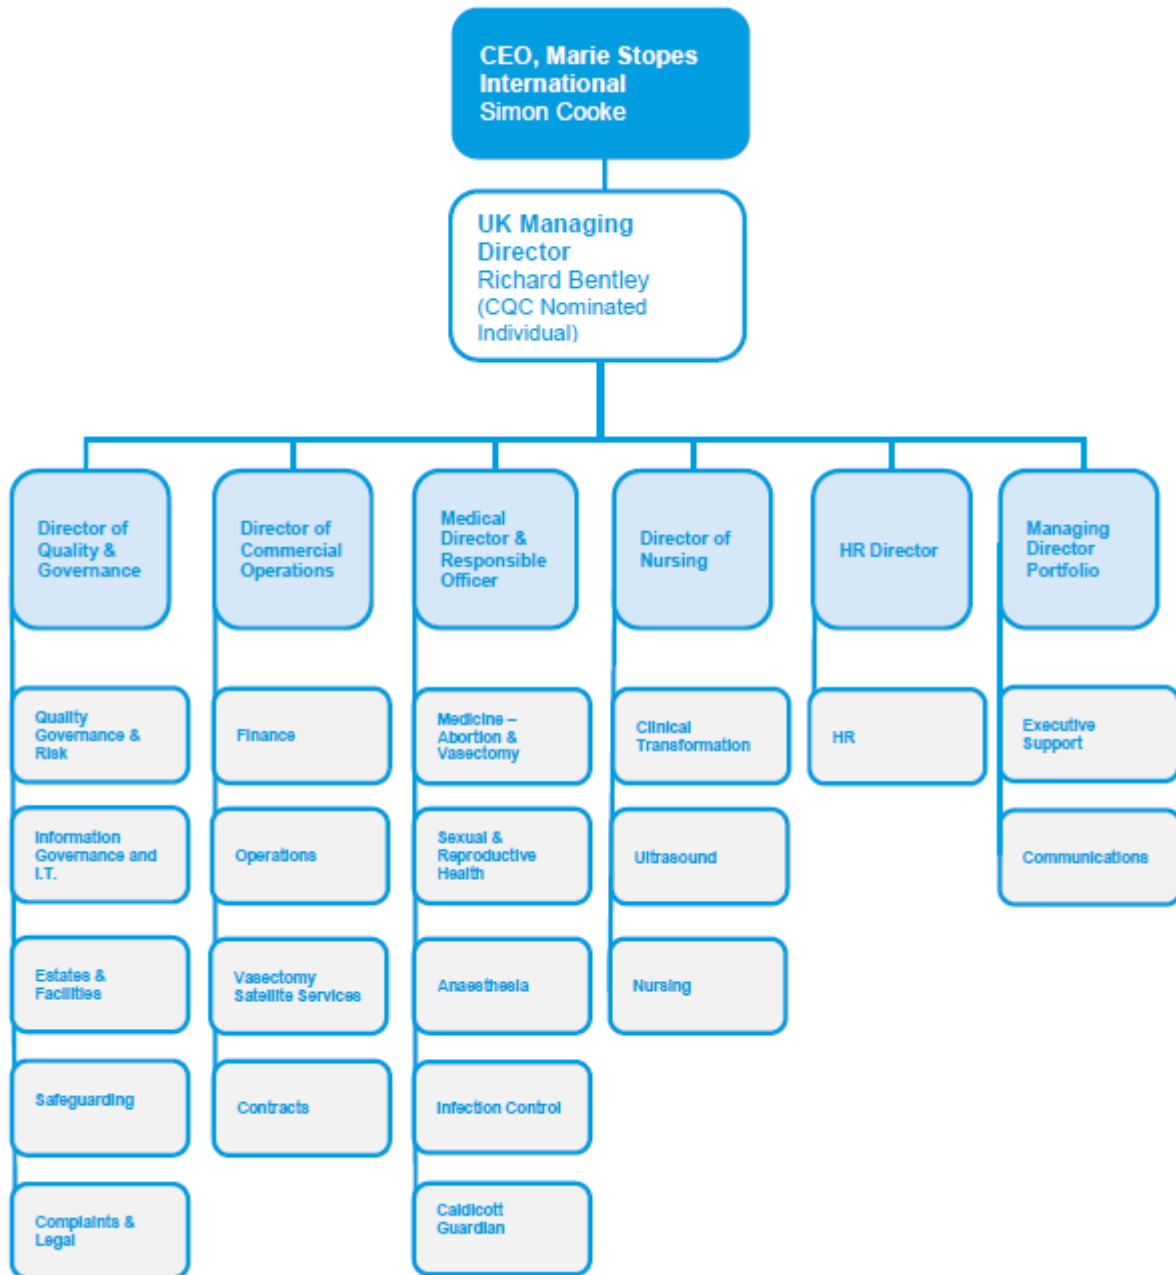

**Mission driven:** With unwavering commitment, we exist to empower women and men to have children by choice not chance.

**Client centred:** We are dedicated to our clients and work tirelessly to deliver high-impact services that meet their individual needs.

**Accountable:** We are accountable for our actions and focus on results, ensuring long term sustainability and increasing the impact of the Partnership.

**Courageous:** We recruit and nurture talented, passionate and brave people who have the courage to push boundaries, make tough decisions and challenge others in line with our mission.

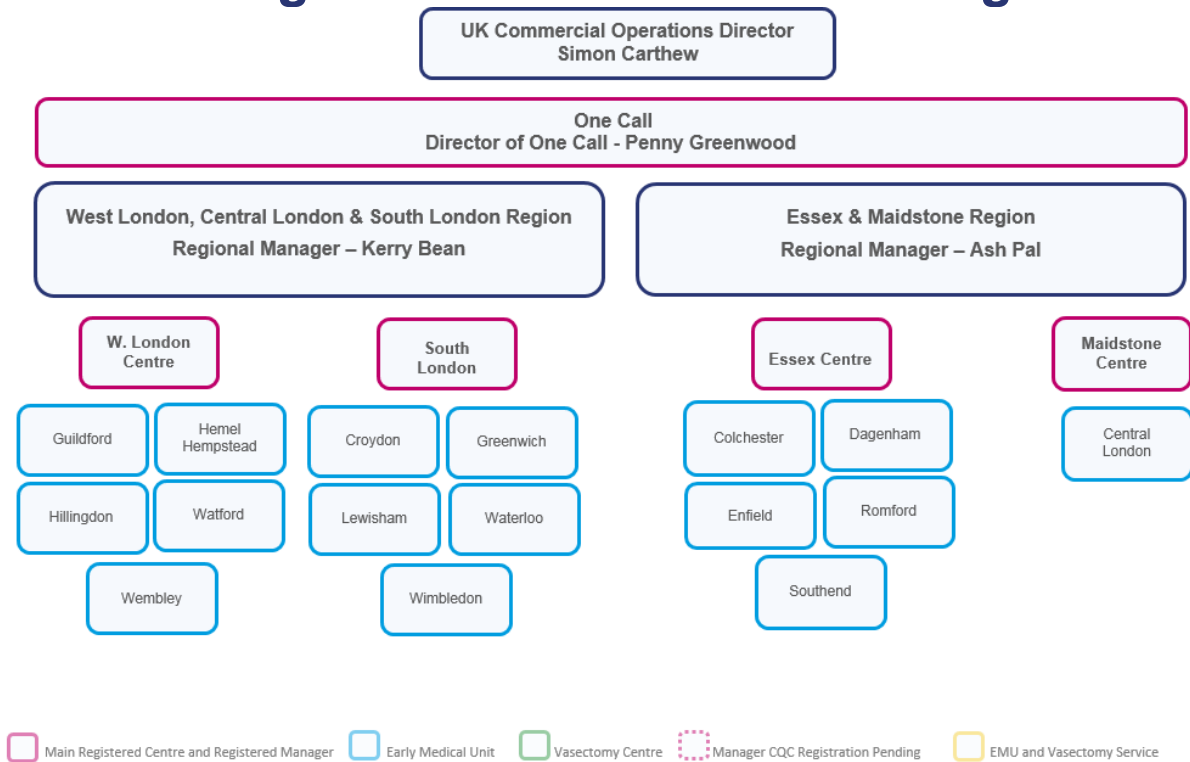

# UK Management Structure

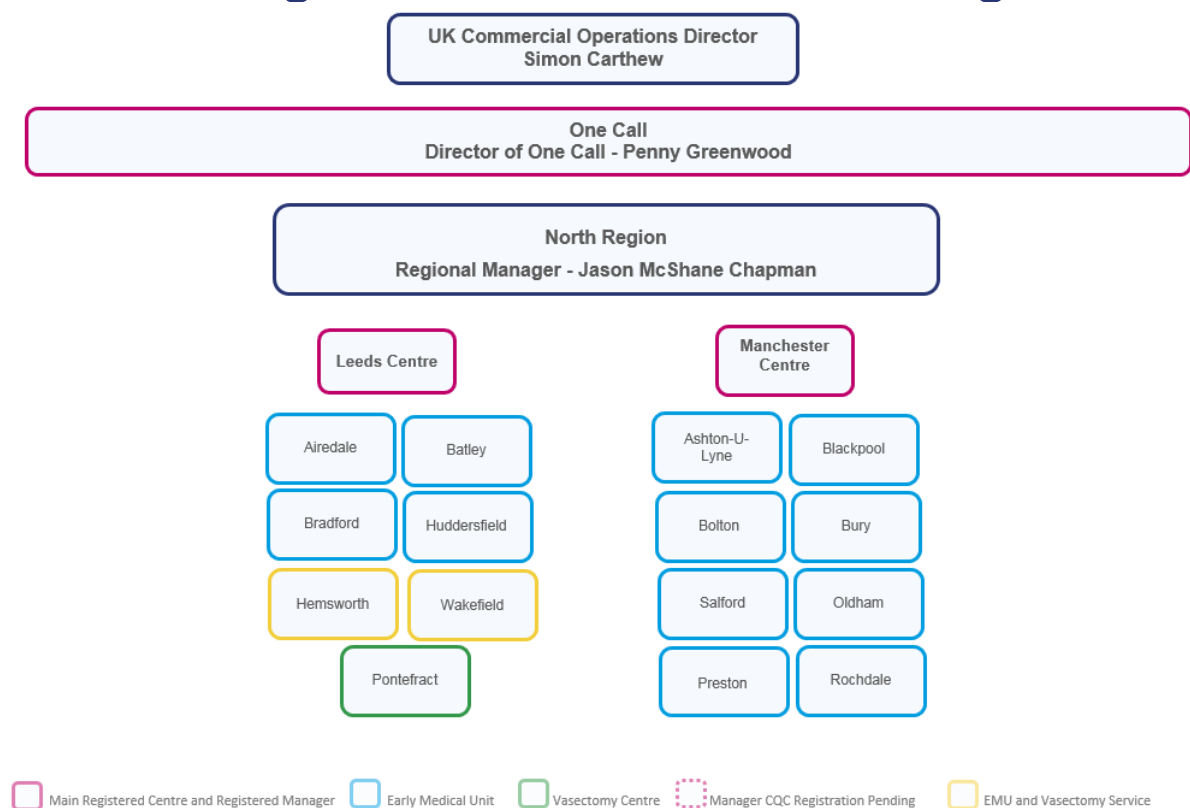

Information accurate as of July 2019

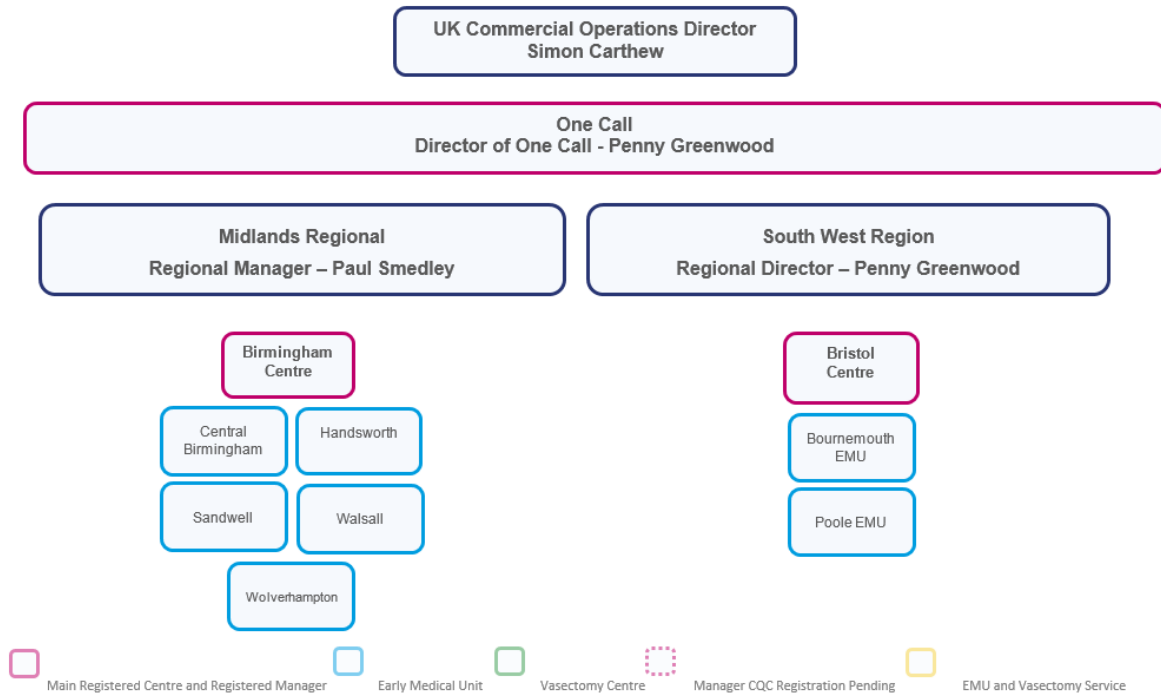

## UK Regional Structure – South Region

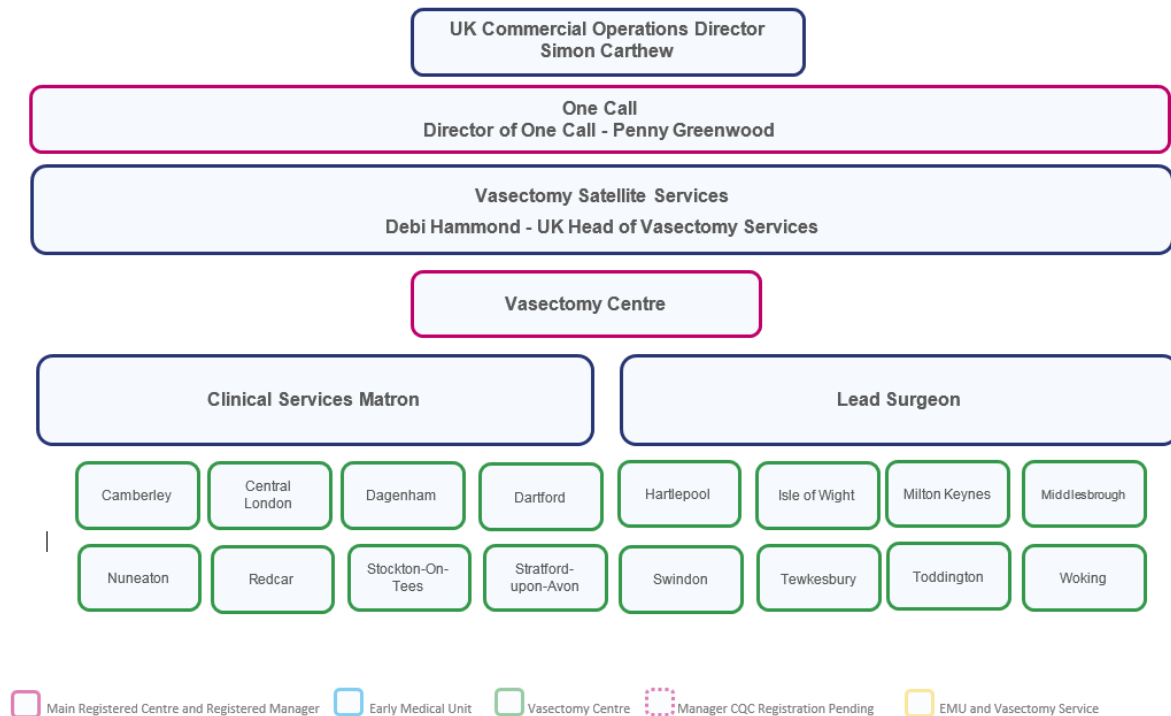

## UK Regional Structure – North Region

## UK Regional Structure – South West

## Regional Structure Vasectomy Services

## UK Organisation Information

### Registered Provider

Marie Stopes International

1 Conway Street

Fitzroy Square

London

W1T 6LP

Tel: 020 7636 6200

Email: [governanceandquality@mariestopes.org.uk](mailto:governanceandquality@mariestopes.org.uk)

**Care Quality Commission Provider Registration no:** 1-102643434

### Regulated Activities

- Termination of pregnancies
- Surgical procedures
- Family planning
- Treatment of disease, disorder or injury
- Diagnostic and screening procedures
- Transport services, triage and medical advice provided remotely

## Management

### **Mr Simon Cooke: CEO Marie Stopes International**

Simon joined Marie Stopes International in 2013 with more than 20 years of international management, marketing and sales experience in a range of developed and developing countries including North Africa, Asia, Latin America, the Nordics, the Gulf, the Levant and Iran. Before coming to Marie Stopes International he was CEO of SuperMax, a personal care product marketing organisation based in the Middle East. He has also held senior leadership positions at both Procter and Gamble and Reckitt Benckiser. Simon is committed to bringing his expertise and experience to fulfil our mission of children by choice, not chance.

### **Richard Bentley: Marie Stopes UK Managing Director**

Richard joined Marie Stopes UK in September 2017. He has extensive senior level experience within leading people-centric and service-oriented businesses in healthcare. Before coming to Marie Stopes UK, his previous roles included interim CEO of Horder Healthcare and Hospital Director at Nuffield Health. Richard is committed to making sure that client satisfaction is generated through trust and confidence in service. His experience will make sure Marie Stopes UK continues to be a robust, accountable and quality driven organisation. Richard Bentley is the UK Nominated Individual.

## Marie Stopes UK Team

Marie Stopes UK is a specialist independent provider of sexual and reproductive health services in the UK. We are part of the world leading reproductive and sexual health charity Marie Stopes International, based in almost 40 countries around the world.

Here in the UK we have over 60 locations and strive to provide a local supportive service for women and men. Through our team of highly skilled doctors, nurses, counsellors and healthcare assistants we provide reproductive and sexual health services including abortion, vasectomy, and contraception fitting in the UK.

## Marie Stopes Centres

All opening days are subject to variance. Please call: **0345 300 8090** for actual opening days.

### Accommodation

- Consultation/treatment room
- Admission facilities
- Pre-treatment reception area
- Recovery area
- Day care ward
- Toilet facilities
- Access or assistance for those with disabilities available at most locations

### Termination of Pregnancy Services

- Consultation and referral for clients aged 13 and above
- Abortion under the terms of the 1967 Abortion Act for clients aged 13 and above
- Surgical abortion up to 24 weeks gestation
- Medical abortion

### Sexual Health Services

- Advice and provision on contraceptive options
- Sexually transmitted infections screening and treatment

### Counselling

- Appointments are available via the telephone and/or face-to-face at our main centres
- Counsellors are approved by the British Association of Counselling & Psychotherapy and are externally supervised

### Early Medical Units

- Pregnancy testing
- Unplanned pregnancy consultations
- Medical abortion
- Advice and provision on contraceptive options
- Sexually transmitted infections screening and treatment

## Telephone consultation

For those clients seeking abortion a telephone consultation process is available via Marie Stopes UK One Call service to:

- Provide accessible information to service users
- Confirm grounds for abortion under the 1967 Abortion Act
- Take and record medical history
- Discuss available options regarding the nature of available procedures and anaesthetic choices
- Provide information regarding the risks of abortion
- Offer advice regarding aftercare
- Answer any questions
- Offer pre and post-operative care and support
- Provide privacy and confidentiality

## Vasectomy Services at Marie Stopes Centres

- Vasectomy consultation, procedure and post-operative care

**For those clients seeking vasectomy the consultation process is designed to:**

- Provide information regarding the risks and failure rates of vasectomy
- Discuss continuing contraception until sample testing confirms success
- Offer advice regarding aftercare
- Capture medical history
- Discuss the client's decision and the permanency of vasectomy
- Discuss reversal
- Answer any questions
- Provide privacy and confidentiality

# Client Guide

## Safeguarding

Marie Stopes UK has a moral and legal duty to ensure that clients are adequately safeguarded whilst in its care. Health professionals will work together to safeguard and promote the welfare of their clients identified as vulnerable, therefore protecting them and/or their children from any potential risks. We work within a legal framework to ensure this.

Marie Stopes UK provides training to all staff on safeguarding adults and children to ensure that team members have the knowledge and skills to recognise any safeguarding concerns, act appropriately and to make a safeguarding referral where required. Where a referral is made, this will be communicated to the client.

## Data Protection

In order to maintain confidentiality we would normally address you by your first name. If you have another preference please let a nurse or member of the team know.

We will ask for details of a contact in case of emergency. However, under normal circumstances, no details of your admission or treatment will be given to any third party without your authorisation. If, while you are at the centre, you are expecting any contact by friends or relatives, please let us know.

## Information for clients

You will receive written information regarding the services you require in the form of booklets and/or leaflets. To supplement this, you will be asked to give informed consent for all procedures and information processing, the face-to-face consultation process, with a healthcare professional, who will serve to:

- Address any concerns and answer any questions you may have
- Offer information regarding choice of treatment and risks involved
- Offer advice regarding aftercare
- Discuss future contraception with those undergoing abortion
- Explain what we do with your information, how we will look after it, and who we might share it with

You have access to a 24-hour advice line should you be at all worried prior to or following your procedure and any aftercare treatment is offered at no further charge.

Should you have any questions about what happens regarding your pregnancy following treatment, please ask a nurse for information.

If you have any comments or suggestions regarding the information contained within this statement or in any of our other literature, please speak to a team member.

## Client Health Records

In line with the Data Protection Act 1998 which gives you the right to see the information that we hold about you, please send your request in writing to the Manager.

A request for information (Subject Access Request) must be made in writing, with proof of identification, so that your identity can be verified and your records can be located.

We aim to complete requests as quickly as possible. We make every effort to ensure we deal with requests within 40 days of receipt.

Should any third-party request access to confidential information regarding your admission and treatment, Marie Stopes UK will not release this in the absence of written, signed authorisation from you, unless we have a legal or moral obligation to do so, as part of the data protection act. For example, in the case of prevention or detection of crime.

You have the right to refuse or withdraw your consent to information sharing at any time, the possible consequences of you doing this could include delays in receiving care, and can be fully explained to you.

## Feedback

You will receive a questionnaire giving you the opportunity to comment on the service you have received. This feedback provides a valuable insight into how our service is perceived and where we may need to make changes or improvements.

Questionnaires are collated and audited by an external company, any adverse comments are noted and referred to the relevant Manager. We would not normally supply a response unless this is specifically requested.

The responses are monitored and fully audited by Marie Stopes UK and we produce an annual report. The results of which are displayed in each centre.

## Audit

We are subject to regular inspection by the Care Quality Commission who independently regulates health and social care services in England, from whom we receive our registration. The report of each inspection is a matter of public record and is available on their website: <http://www.cqc.org.uk>.

## Complaints Advice

Marie Stopes UK aims to provide the best possible service and care to all our clients. We accept however that there are occasions when standards fall short of expectation resulting in a complaint being made. We appreciate feedback of this nature in order for us to address any area/s of our service that require improvement and make changes where necessary. Please feel assured that making a complaint will not have a negative effect on your care or treatment.

Should you wish to make a complaint about any aspect of the service or care you have received, there are a number of ways in which you can bring this to our attention:

- By completing the client questionnaire given to every client before leaving our centres
- By telephoning the relevant centre to speak with a manager or supervisor
- In writing. In order to ensure privacy and confidentiality please follow any e-mail correspondence up in a letter to the Head of Information Governance.
- By contacting your local CCG or NHS England (NHS complaint process)

---

### Questionnaires

Please hand the completed questionnaire to the centre team or post by Free Post to HWA. The address is provided on the questionnaire. Any adverse comments are noted and referred to the relevant Clinic Manager. We would not normally forward a response unless this is specifically requested and a name and address is provided.

---

### Telephone Complaint

Please call the relevant treatment clinic, within working hours, and ask to speak with the manager or a supervisor. A record will be made of your complaint and investigated by the manager or supervisor with the team members concerned. Depending on the nature of the complaint you may be asked to put this in writing, for ease of investigation. If your complaint cannot be resolved at the time of the initial telephone call you will be contacted once the investigation has been completed.

---

### Written Complaint

Please address your letter to:

**Head of Quality and Customer Services at Marie Stopes International,  
1 Conway Street,  
Fitzroy Square,  
London  
W1T 6LP**

You can also email [quality.customerservice@mariestopes.org.uk](mailto:quality.customerservice@mariestopes.org.uk).

In order to maintain confidentiality please sign your complaint and confirm your PIN. Your complaint will be handled by the Head of Customer and Quality Services, who will instigate an investigation with the management of the relevant treatment clinic. A subsequent written response will be forwarded to you.

For complaints regarding how your information has been handled, please address your letter to:

**Head of Information Governance at Marie Stopes International,  
1 Conway Street,  
Fitzroy Square,  
London  
W1T 6LP**

You can also email [information.governance@mariestopes.org.uk](mailto:information.governance@mariestopes.org.uk).

---

## Standards

We will acknowledge any written complaint within two working days of receipt and any telephone enquiries within 24 hours.

A full investigation will be carried out, with the relevant team member/s, of the circumstances surrounding the incident/s.

Following the investigation, a full response will be made to you within a reasonable time, usually between three to four weeks. Should there be any delays in this process you will be kept informed.

---

## Confidentiality

In order to maintain confidentiality, we cannot enter into any discussion or correspondence with a third party, without your permission. If you wish for us to liaise with a third party, please give us your consent in writing.

---

## Unresolved Complaints

Should you be dissatisfied with the response received, you have recourse to appeal to the Director of Governance and Quality, who will review all the case notes and correspondence and will, in turn, respond as soon as possible (stage 2 appeal). Generally, a stage 2 appeal must be made within 20 working days of the date of the final written response sent to you.

Finally, if your complaint is not resolved to your satisfaction you can contact ISCAS, the Independent Sector Complaints Adjudication Service. Clients referred by the NHS may also follow the NHS complaint process or contact the Health Service Ombudsman.

The addresses to contact are as follows:

**ISCAS  
Centre Point  
103 New Oxford  
Street  
London, WC1 1DU**

**Tel: 020 73798598**

**Health Service  
Ombudsman  
Millbank Tower  
Millbank  
London, SW1P 4QP**

**Tel: 0345 015 4033**

For unresolved complaints regarding how your information has been handled, you have recourse to notify the Information Commissioner's Office

The address to contact is as follows:

**Information Commissioner's Office  
Wycliffe House  
Water Lane  
Wilmslow  
Cheshire  
SK9 5AF**

**Tel: 0303 123 1113**
